So what are you doing in Athens, Saint-Etienne, Turin and Barcelona to feel well during this pandemic? What gives you motivation ? What cheers you up?

(first in a mixed room for a reflection and afterwards in the main room for exchanging ideas)

#### **Part 1: Social and Solidarity Economy:**

In mixed international groups, the youngsters had to reflect on questions such as what is SSE and why is it important for me? What SSE can change in the world? How can we start this change with a concrete action/initiative?

### **IO4 Testimony: Discover the story of Diandé Africa, testimony of Mamadou**

(in the main rooms)

The webinar continued with the testimonial of Mamadou, from Senegal and currently living in Barcelona. He started his presentation showing an animated video about his life and the development of Diandé Africa. He talked about his life and the challenges that he had to overcome in order to stabilize in Barcelona. He also talked about his path into SSE with the development of Diandé Africa. Diandé África is an association that aims to provide education, and develop and transfer knowledge and experiences in Senegal. (@DiandeAfrica). Another project that he developed is "La Barcelona de Mamadou", a creative way to discover the city on a bike and with his assistance. To achieve these goals Mamadou received the support of various actors, including SSEs partner Nexes Interculturals.
